

COMPANY PROFILE **PAHLAWAN DINAMIK**

PAHLAWAN DINAMIK SDN BHD

No. 12A, Jalan TPS 1/7,
Taman Pelangi Semenyih,
43500 Semenyih, Selangor.
Tel : +603 8727 3500
Fax : +603 8727 4500
Email : deanmust@gmail.com

Corporate Operation Activities

To carry on the business of mechanical & electrical services that includes consultation, designing, implementing, installation, testing, commissioning, training, upgrading, customization, configuration setting, maintenance and supplying in the sector of:

- >> Fire fighting system – fire alarm, hydrant, sprinkler, hose reel, CO2, wet chemical foam, wet riser, pump room, fire doors, smoke spill, fireman intercom.
- >> Electrical system – cabling, UPS, automatic suppression system, earthing, lightning arrestor, generator set, main/distribution switch board, lighting system.
- >> Telecommunication system – telephone cabling, PABX, PA, MATV, CCTV, conference
- >> Heat, ventilation, air-condition system (HVAC) – chiller, cooling tower, FCU, AHU, split unit, dehumidifier

To carry on the business of service maintenance engineering services:

- >> Fire fighting system
- >> Manufacturing machineries
- >> Facility equipment: HVAC system, electrical system, telecommunication system

To carry on business of general trading, general merchants, general suppliers, general importers and exporters, franchiser, manufacturers, commission agents and wholesale or retail dealers of articles and products of all kinds and to buy, sell, barter, exchange or otherwise deal in the same with the Federal and State government, department and agencies, private companies, corporations, firms, organizations, associations, individuals, etc relating in the above activities that benefits this company.

Corporate Vision

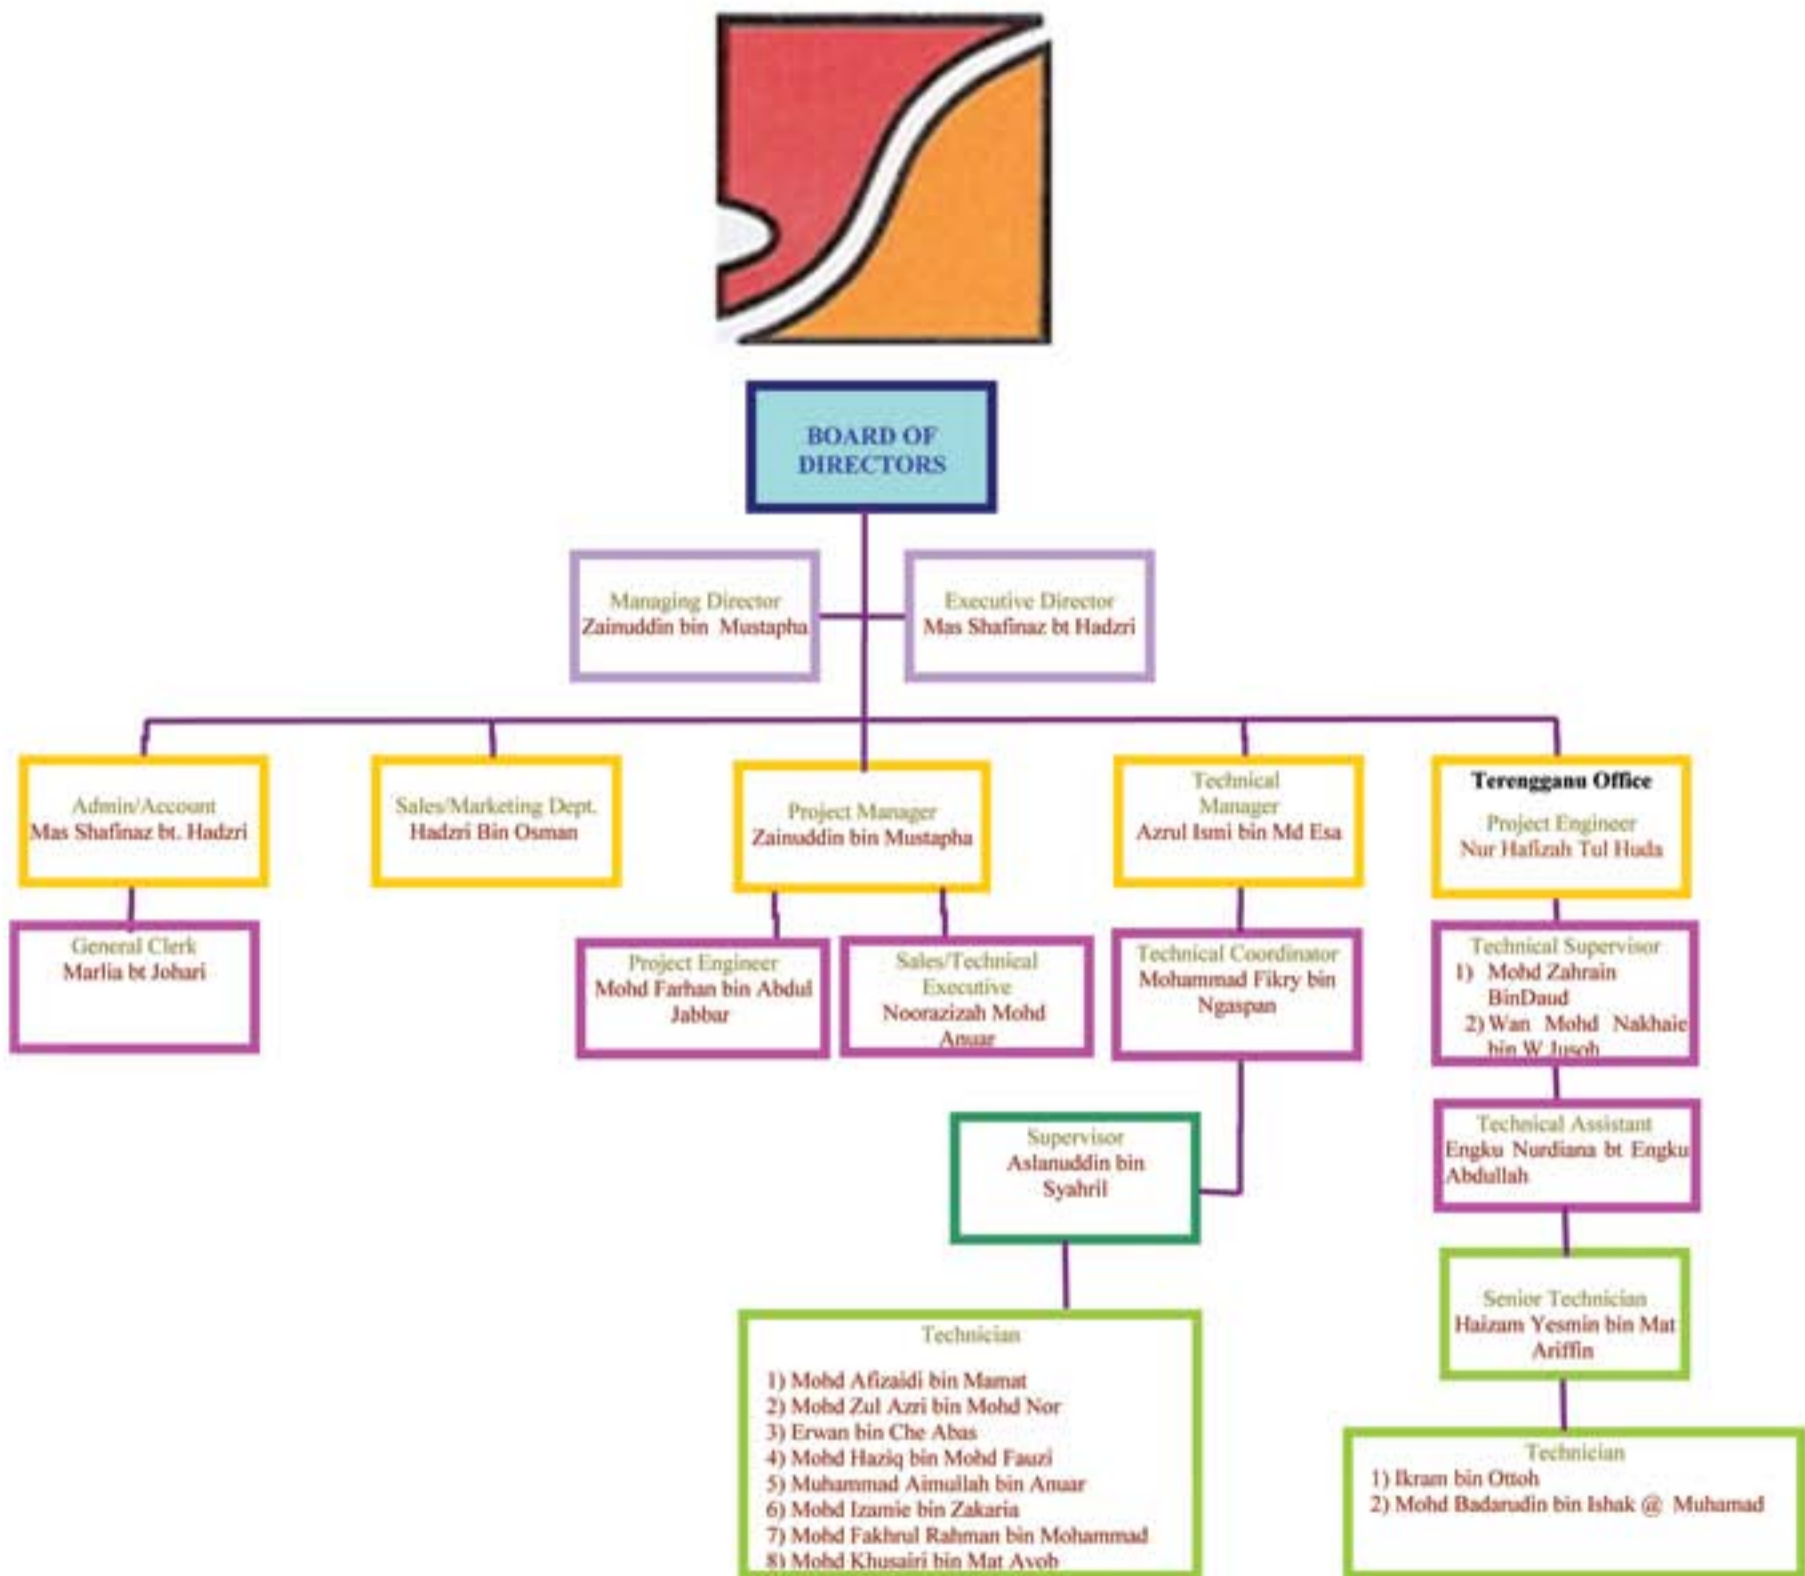

To spearheads engineering applications and innovations for the benefits of humankind

Corporate Mission

- >> Commits to the highest standards of quality – from process, service, installation, testing & commissioning, and training.
- >> Establishes Quality Management system that spearheads systematic operation procedures, continual improvement and customer driven.
- >> Harnesses science and technology civilization in the work executions. Not only to be a technology consumer alone but also to be a technological provider of the future.
- >> Institutes highly skilled and motivated workforce and excels in superior workmanship to craft “first-class mentality” among workforce. Our people are the essential and valuable corporate asset.
- >> Fosters highest moral and ethical standards that ascertain godly, trustworthy, faithful and pioussness attributes.

FIRE & GAS **PRODUCTS**

MEDC are designers and manufacturers of alarm, signal, control and communications equipment for railways since 1975. Products such as Ex-Manual Call Points, Ex-Status Lamps, Ex-Horns, Ex-beacons, Ex-Speakers, Ex-Heat Detectors.

DSPA stands for Dry Sprinkler Powder Aerosol. The name stems from the way the aerosol gases flood the compartment in the same way as a sprinkler system does. The products are called Aerosol Generators and come in various shapes and sizes to suit the purposes for which they are intended. The residue that remains after activation is minimal and, most importantly, non conductive.

klaxon

Klaxon signals offer an extensive range on audible and visual warning devices. With over 80 years experience Klaxon have developed innovative products that have been made to the suit very stringent specifications. The range consists of bell, buzzers, sounders, sirens and strobes.

KAC

KAC first invented the break glass call point more than 30 years ago, it quickly became the global standard and through continuous ongoing developments has become the call point product customers can trust and use with confidence.

NOTIFIER
by Honeywell

PAHLAWAN DINAMIK

For over 50 years, NOTIFIER has been in a leadership position in the fire alarm industry. NOTIFIER's achieves success through its steadfast commitment to quality of their products.

GENT
by Honeywell

Gent place special emphasis on quality, is an ISO 9001 registered company, with staff who are committed to continuous improvement in design and production quality. Gent's philosophy is to work in close partnership with its approved network of System Integrators to support the fire system through every stage of a buildings evolution.

Fire, security, access control, and mass notification: no matter what the combination, EST3 provides a total life safety system. With fire alarm providing the backbone, EST3 meets all legislated requirements – namely, that life safety takes precedence among the activities orchestrated by the control panel. Only a truly synergistic system design can assure that card access activity will not affect the priority and network response speed of fire reporting mandated by codes and standards.

Autronica Fire and Security AS, Oil & Gas is a leading innovator, producer and international supplier of advanced sensors and systems for fire and gas detection to the petrochemical oil and gas industry. The product range includes AutoSafe® IFG (Integrated Fire & Gas Detection System) with SelfVerify®, the world's only IEC 61508 Safety Integrity Level 2 (SIL 2) approved Integrated Fire & Gas Detection System. Autronica Fire and Security AS offer a full range of flame and gas detectors, high sensitive smoke detection (HSSD), alarm displays, colour-graphic presentation, alarm management and control systems. Service comprise: System design, project management, installation and commissioning, after sales service and training.

EVERSAFE Extinguisher operate a Quality Management System which complies with the requirements of BS EN ISO9001:2000, and holds a certificate from BSI, United Kingdom. Its main activity is the manufacturing and marketing of fire fighting appliances and fire fighting system package. EVERSAFE EXTINGUISHER is a member of Leeden Limited

Everbright

As a pioneer in the fire industry, Everbright will continue to provide the best protection for the needs of today and uncertainties of tomorrow. Everbright is a Malaysia based company and the manufacturer of Alarm Bell, Emergency Light, Electronics Sounder, Heat Detector, LED Sign, Lightning Surge Protector, Manual Call Point, Strobe Light.
